Principal's Report

Another busy week has flown by! We have finished this week with our school photos and I must say that our students looked very smart in their uniforms.

Parent Teacher Interviews

Just a reminder that Parent Teacher interviews will be held this coming Tuesday 17th March. All interviews will be held in your child's classroom and a crèche will operate in the library from 3pm-5:30pm, allowing you to drop your children off prior to the interview. This will encourage uninterrupted time with the teacher.

Music Bus

Next week, Friday 20th March we have the Music Bus visiting the school to show the students what they offer in regards to instruments. They offer keyboard, drums, guitar and ukulele, as well as singing. I look forward to getting feedback from the students about their experience with this.

COVID-19

Please find attached to the newsletter information for parents and carers in supporting our children and young people. This is a time to be aware of the evolving situation and keep informed. Please read the attached letter carefully to keep up to date.

You don't have to be perfect to be amazing!

Coronavirus (COVID -19) Information for parents and carers to support children and young people

How you can support your child

It is perfectly normal for children to have questions about events that are covered in the media, such as the information currently being distributed about COVID-19. Children look to the significant adults in their lives for guidance on how to manage their reactions and you can help your child by remaining calm and reassuring them.

There is a common misunderstanding that talking with your child about a topic such as COVID-19 may increase their anxiety. This is not the case. It is important to listen to your child and answer their questions as honestly as possible and correct any misunderstandings. This will help them feel informed and understand what is happening.

Keeping up to date with the facts from reliable sources will help keep conversations calm, considered, and constructive. Provide information in words that are appropriate to the age of your child.

Children can be distressed by hearing repeated stories so monitor how much your child is being exposed to television and social media and encourage them to talk to you about what they are seeing and hearing.

Some practical advice

Some practical advice for your child includes reminding them to cover their nose and mouth when they cough or sneeze (coughing into their elbow is a useful strategy), keep their hands clean by washing them regularly with soap and water, and avoid touching their eyes, nose, and mouth before washing their hands. These are easy habits for children to adopt, and should help them feel as though they're able to exert some control over their circumstances.

If your child must stay at home, it is important for your child to maintain a healthy lifestyle including proper diet, sleep, and social contact at home and by email and phone with family and friends.

Communication is important

- read [the department's response to COVID-19](#) for current information
- read any information sent home by the school.
- contact the school if your child becomes unwell.

Where to get help

Contact the school if you are concerned about your child's wellbeing to discuss the most appropriate support. Support is also available through a number of agencies and community organisations. Parents and carers can:

- call the National Coronavirus Health Information line (1800 020 080)
- review the [NSW Health](#) COVID-19 website for the latest information and advice
- obtain help and information from the local General Practitioner or Community Health Centre

If you would like additional support, the following services are available:

- The school counselling service
- Kids Helpline – 1800 55 1800 – kidshelpline.com.au
- Headspace – 1800 650 890 – eheadspace.org.au
- Parent Helpline – 1300 1300 52
- Beyond Blue – 1300 22 4636
- Lifeline – 13 11 14

NAPLAN ONLINE 2020

NAPLAN assesses literacy and numeracy – important skills that each child needs to succeed in school and life. The NAPLAN tests are designed to help us make sure students are on track with their literacy and numeracy development. Students in Years 3, 5, 7 and 9 participate in NAPLAN tests for reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy.

Between the 12th and 22nd of May 2019, our school will participate in NAPLAN Online. Students do not need to be computer experts to take the NAPLAN test online. Making sure students have computer skills is part of our school curriculum, and our teachers will ensure your child is familiar with the online format. To see the types of questions and interactive features of NAPLAN Online, visit [the public demonstration site](#).

If you have any questions about NAPLAN Online, please contact your child's teacher or visit <https://nap.edu.au> where you will find a Naplan Online– Information for Parents and Carers brochure.

If you wish to have your child exempt from NAPLAN, please contact Ms Weekes.

P&C News

This year we have committed to contributing \$20,000 to assist with the make over of Area D. The P&C are looking for new and exciting ways to fundraise and would like your ideas. If you have an idea please come to the meeting or you can email us at imps-pandc@outlook.com We have a mailbox installed on the office wall for you to drop any ideas or suggestions, or communication if you want to help out with events etc. The location of this will be advised in the coming weeks.

Easter is around the corner, we will be holding an Easter raffle , notes went home this week regarding that.

The P&C annual AGM will be held this coming Tuesday 17th March from 6.30pm in the staff room.

Everyone is welcome to attend and we would love to see some new members join. All positions will become vacant for anyone who would like to nominate someone else or themselves to undertake these roles. The positions that will be required are:

President

Vice President (Pending member numbers)

Secretary

Treasurer

No one is expected to take on a role unless you want to, you are very welcome to just be apart of the committee and be involved in the discussions and help see things from different views and come to decisions. We would love to have a diverse committee to reflect all our families, and have some new fresh and ideas for the year ahead. We would really encourage you to come along if you think you would like to help. It's only a gold coin donation to join the committee and this helps pay for our affiliation fees.

We attend a meeting once a month and we help run some fundraising throughout the year to help fund different requests from the school throughout the year. There isn't much involved , more hands make lighter work .

We look forward to seeing you there.

P&C President
